Construct Pricelist  
2022

# “TQUK creates opportunities for people...”

Everything that we do is done with that in mind: designing qualifications that pop out from the crowd and give people skills and knowledge to do the same. Those who take our qualifications see real change in their lives, careers, and personal outlooks. We champion innovation, creativity, flexibility, and dynamism in the approaches that those who deliver training and assessment to learners use. We always listen and look to say ‘yes’ to as many projects and requests as we can. We just happen to be an awarding organisation.

Our qualifications are just the start for our centres and their learners, and we develop them with the end game in mind. We’ve been humbled by the faith that our customers have put into us since our approval in September 2013 and remain committed to repaying that

commitment through constant improvement and delivery of the very best products and services that we can provide. We’re also delighted new customers are choosing to work with us on a daily basis. We don’t take this for granted, and we take our responsibilities to you seriously.

We’re developing systems, pioneering change, and working with experts across the awarding and apprenticeship sectors. We work all year round to refine and improve our portfolio and find ways to offer the best value for money. Here you will find all the information that you need to do the sums and plan your year ahead: about how to come on board and be part of the story. That’s the boring stuff for us. The fun is getting to know you, learning how you work, talking about how we can help. Let this brochure be the start: call and chat with us about what you need and what you want, or even just tell us about your holiday! Give us an opportunity to introduce you to the TQUK way. We do things differently here.”

Note: All charges quoted to the Centre shall be exclusive of VAT, which TQUK shall add to its invoices at the appropriate rate.

Andrew Walker

## Introduction to the DEC pricelist

Design Engineer Construct!® (DEC) is a learning programme aimed at secondary-school students that has been expertly developed to create and inspire the next generation of Built Environment professionals.

Training Qualifications UK is delighted to be partnering with Class of Your Own in the delivery of these programmes of learning which are available for delivery to schools across the world.

All schools delivering DEC qualifications with TQUK, have access to exclusive offers.

Schools, including those delivering the **TQUK Level 1 Certificate in Design, Engineer, Construct! The Digital Built Environment (RQF)** and the **TQUK Level 2 Certificate in Design, Engineer, Construct! The Digital Built Environment (RQF)** will:

- Have their annual threshold set at a reduced rate of £1500 ex VAT (compared to £3000 for non-schools)
- Pay an annual EQA Activity fee of £400 exclusive of VAT where they do not meet the annual threshold
- Have the EQA Activity free of charge where the annual threshold is met

As per the Education Act 1997, a school is defined as “an educational institution which is outside the further education sector and the higher education sector and is an institution for providing -  
(a)primary education,  
(b)secondary education, or  
(c)both primary and secondary education,  
whether or not the institution also provides part-time education suitable to the requirements of junior pupils or further education.”

All other organisations will have annual fees charged at a normal rate.

If you have any questions about this, please do not hesitate to contact us at 0333 358 3344 or via email at [support@tquk.org](mailto:support@tquk.org).
